Professional Summary

Senior Software Engineer with 4+ years of experience building high-scale Fin-tech applications and scalable backend systems in the corporate travel domain, including flight, train, and accommodation services. Experienced in designing and developing systems using Spring Boot monoliths, microservices, and event-driven architectures.

Career Experience

Jun 2022 – Present **Traveloka — Software Engineer II & III, Financial Services & Corporate Travel**

- Led the system design and implementation of the **Flight Insurance Add-ons** feature, leveraging AWS services; generated **USD 200K** in net revenue and achieved a **14.45%** attachment rate for corporate flight purchases within the first year.
- Optimized database performance by **99%** by resolving data type mismatches that forced Parallel Seq Scans; reduced **query latency from 7,969 ms to 0.057 ms** through efficient Index Scan utilization on primary keys.
- Developed and maintained microservices to deliver **Flight, Train, and Accommodation** services for corporate clients.
- Designed and implemented an automated **Hardcopy invoice generation tool** for internal Ops, **reducing manual processing time by 60%** and improving **billing efficiency** and **payment timeliness**.
- Served as **Corporate Travel DevSecOps Champion**, driving dependency security initiatives and reducing **critical vulnerabilities to zero** through **continuous monitoring, patching**, and quarterly **security audits**.
- Led the design and implementation of **Loan Repayment** features that allow users to select loans or input payment amounts, with the service **automatically allocating payments** according to repayment constraints, **reducing manual processing** by operations teams.
- Designed and implemented the **Loan Creation** feature, enabling users to submit loans with invoices through a **maker-checker approval workflow**; also developed **loan tenure simulation** with dynamic **pricing calculation** based on selected repayment terms.
- Built the **Loan Insurance** feature by integrating with **third-party providers**, enabling automatic loan enrollment and seamless insurance issuance within the loan workflow.
- Experience with **AWS cloud services** including **SQS, Lambda, Athena, ECS, S3, RDS, etc.**, with infrastructure provisioning managed using **Terraform**.
- Mentored junior engineers, driving measurable improvements in **code quality, productivity, and PR discipline**.

Jan 2022 – Jun 2022 **DNArtworks — Fullstack Developer Intern, Jakarta, Indonesia**

- Worked as a full-stack developer, handling both frontend and backend tasks.
- Built company websites for brands such as **Vespa, Piaggio, Aprilia, and Moto Guzzi**.
- Utilized CodeIgniter for backend, Bootstrap for frontend design, MySQL for database management, Docker for containerization, and GitLab for version control.

Jan 2020 – Jan 2022 **Parahyangan Catholic University — Lecturer Assistant, Bandung, Indonesia**

- Assisted in teaching and supporting students for courses including **Algorithm & Data Structure, Computer Graphics, Mobile-Based Programming, Computational Thinking, and Information & Database Management**.

Education

2018 – 2022 **Parahyangan Catholic University (UNPAR), Bachelor's Degree of Computer Science,**
GPA: 3.81/4.00

Technical Skills

Languages	Java, Kotlin, C++, PHP, JavaScript, Shell Script
Frameworks	Spring Boot, JUnit, Mockito, Karate Automation, Laravel, CodeIgniter, Lark anycross
Databases	PostgreSQL, MySQL, MSSQL, SQLite, DynamoDB
Practices	REST APIs, RPC, Microservices
Monitoring	DataDog, AWS CloudWatch, PagerDuty
Others	AWS, Git, Redis, Docker, Terraform, Gradle, Vim

Certifications & Trainings & Competitions

2026	Architecting on AWS - AWS Training
2025	Top 8 finalist - Lark Efficiency Pioneer Competition
2024	AWS Cloud Practitioner Essentials – AWS Training
2024	AWS Technical Essentials – AWS Training
2022	DevNet Associate – Cisco
2021	CyberOps Associate – Cisco
2021	Huawei HCIA Datacom – Huawei
2020	ICPC Asia Jakarta Regional Contest, Rank: 10 (Tenth Place)
2020	ICPC National Contest, Rank: 39 (Thirty-ninth Place)

Additional Information

Languages	Mandarin, English, Bahasa Indonesia
